

# PROSPECTUS OF THE ST. LOUIS WEEKLY NEWS.

THE publication of a weekly newspaper, of the above title, will be commenced in the city of St. Louis, about the 1st of next month. It will be under the management of Mr. CHARLES G. RAMSEY, well known as a successful newspaper publisher in St. Louis, and edited by Mr. A. B. MITCHELL, formerly of the St. Louis Globe-Democrat.

The publishers of the News will endeavor to make it all that its name imports—a herald of all the important and rapidly occurring events of the day, which may elsewhere wish to hear when they require for the "week-end."

The St. Louis News will be thoroughly and firmly Whig in its politics, but fair, and courteous to all political opponents.

But the political character of the News will in no way detract from its general utility. The sheet will be of ample size, and filled with matter interesting to all classes of the community.

Merchants, business men and traders in the country will find in its columns weekly reviews of the financial and commercial transactions of St. Louis, and full and accurate reports of the markets.

More attention will be paid to the interests of agriculture than has been usual heretofore with the city papers of St. Louis.

For family reading it is proposed to give free stories, selected carefully from the purest literature of the day, and combining both instruction and amusement.

This enterprise is widely endorsed by the most eminent and able men in the State, and is commended to the public by their success in similar undertakings.

The News will be furnished to subscribers singly, or in clubs of any number, at the one variable price of "one dollar a year in advance."

The St. Louis News will be of equal size with the weekly, and will be supplied to subscribers at the low price of "three dollars a year in advance." We commend the "three-dollar" paper to the paragon of towns and counties lying on the upper river. A weekly paper is too slow for persons living on or near the high-ways of travel.

The News is published at as low prices as have ever before been offered in the west, and the rates will not justify any indulgence in the credit system.

**McLEAN'S VOLCANIC OIL LINIMENT!**  
A Great Scientific Discovery, which presents  
to the Medical Faculty, Honor—to the  
Sufferer, Joy.

This Volcanic Oil, which is the basis of the Liniment,  
is procured from the bowels of the earth; placed  
there by All-Wise Providence as a great healing agent  
for the use and benefit of mankind, and by them to be  
applied to the useful domestic animals placed under  
their charge, and which become liable to diseases and  
accidents from their domestication. It is to be found  
in various parts of the globe, wherever volcanic or  
burning mountains have ceased to exist, but which may  
easily be known from the desolation and destruction  
which surround them. Along the base of the Sierra  
Nevada Mountains, near the Lake or former City, it  
is kept in a Country Store; all of which we can and  
will sell as low as they can be bought north of St. Louis.

Many persons who have traveled by land to California,  
may have observed an oily substance floating on  
the surface of springs, Pools and Lakes, while in these  
places, the water would appear clear, but upon stirring  
it, (the ground being saturated with this oil), the sur-  
face became black in color and greasy as tar. Had  
the virtues of this Oil been known, many a bold pio-  
neer would have been relieved from the anguish of rheu-  
matic limbs and sprained joints, attendant upon crossing  
those rugged and rocky mountains.

This Volcanic Oil, upon chemical analysis, is found  
to be composed of several powerful ingredients, one of  
which is naphtha, well known to chemists and physi-  
cians as one of the chief corner stones of the great  
life-saving edifice which science is daily bringing to  
completion. This, when combined with some of the  
most soothing and powerful remedies known in the ma-  
terial medica, form a Liniment far more valuable and  
superior to anything that ever has been discovered or  
offered to suffering humanity.

**JOY AND REJOICING**  
Is heard from those who have been suffering for months  
and years from  
Cancers, Old Sores, Bruises, or Rheuma-  
tism.

At last the balm is discovered to give them relief. To  
owners of Horses and other animals, I would assert that  
there is no disease requiring an external applica-  
tion, to which McLean's Volcanic Oil Liniment is not  
applicable, and by its use will certainly give a severe pain.  
I take much pleasure in recommending to public notice  
that which I know to be a valuable Liniment.

Yours, Respectfully,  
THOMAS WOOD.

An old citizen of St. Louis, Book-keeper  
for the late firm of Elliott & Coughlin.

The above Liniment is for sale in Han-  
nibal, by

## The "People's Store,"

Once More!  
I wish every body and my old Friends Particu-  
larly, to bear in mind that I am Now Receiving a  
New Stock of  
STRING AND SUMMER GOODS,  
and as I cannot say as much about them here, as I  
like, I wish you to call at the above Store, which is in  
the "Commercial Row"

(which I can prove, better than on paper, for it  
is the easiest thing in the world, to make goods cheap  
on PAPER), and also many other things, (too tedious to  
mention, in this place.

Remember the "People's Store" Commercial Row,

**Look out for the Old Lumber Yard.**  
WILLIAMSON'S Pine Lumber suitable for all build-  
ing purposes, can all times be had at the Old  
Hannibal Lumber Yard, which has been established 8  
years. The proprietor deems it unnecessary to puff his  
Lumber to make it sell, or to say anything about ex-  
perience in the business except to those who never pur-  
chased from him. He would remark that an experience  
of eight years in the business gives the decided advan-  
tage over any other who never had experience—his  
Lumber has been purchased for cash and selected with  
great care, from the best mills in the country. Me-  
chanics and others wishing to purchase Lumber would  
find it to their advantage to call and examine the stock  
of Lumber and Shingles at the Old Lumber Yard be-  
fore purchasing elsewhere. If you cannot get it for a  
few cents less, I will guarantee you get it for one, a  
better article for the same money. Also, Lumber, Shingles  
and window sash.

Don't forget the big Sign on the west side of  
the street, between Bird and Hill streets. Look out for the  
Sign. THOMAS WOOD.

**A Word to the Wise!!**  
THE subscriber takes pleasure in informing his  
friends and customers that he has on hand and  
will keep full assortment of  
COOK AND HEATING STOVES,  
which are unsurpassed by any made east or west, for  
beauty in finish, economy in fuel, and perfection in op-  
eration.

For the coming season, we will have new patterns  
for cook and heating stoves, one of which will be a  
LARGE OVEN COOK, upon a new design, and of  
principle, which is expected to excel anything  
now made, also a new PARLOR, entirely of a new de-  
sign. The manufacturer of these stoves spares no ex-  
pense to make his work perfect in every respect, and  
whenever improvements are necessary, they will be  
adopted.

From the further reduction we have made in our  
prices, the superiority of workmanship, and the perfect  
satisfaction they have given wherever used, we are  
confident our stoves are both a cheaper and better ar-  
ticle than can be had at any other house in Hannibal.

Don't forget the place, ST. LOUIS STOVE STORE,  
2 doors north of the Brady house, Main St., Hannibal.  
N. B. All our stoves are made and manufactured of Missouri  
Mountain iron, and we warrant them for one year.
